

PREQUALIFICATION

ABOUT OUR COMPANY

Sahara Technology was established in 2010 in Abu Dhabi, United Arab Emirates. Sahara Technology is a provider of high-level Security Systems, Retail Security Solution, Building Automation, Home Automation, Audio Visual Systems, IT & Telecommunications, ICT & other Low Voltage Systems for commercial, government and industrial sectors throughout the U.A.E, Middle East & India. We are committed to you in the strategic design and seamless execution of innovative, state-of-the-art technology security systems that are delivered within budget and agreed time scales.

We stand out from other competitors in the market not only with our various services but also because of several reasons like regular service checks, user-friendly appliances, customer-friendly staff etc.

Our sales team is enriched with the ability to garner onto new projects, which in turn are accomplished by our efficient team of service engineers and technicians.

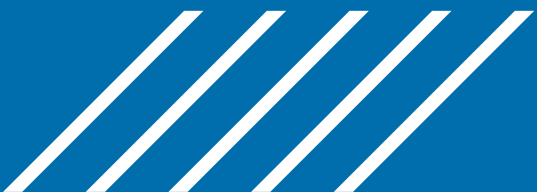

Mission

To be a Competitive & Quality Value Provider in Electronic Security & Surveillance Business. To provide latest Technology & Service through sustained Research, Development and through partnership with International Suppliers.

Vision

To become nationally Networked Enterprise in Electronic Security & Surveillance System with Innovative Solution under One Roof.

SERVICES

CCTV SYSTEM

CCTV System is an effective prevention technology, Video Surveillance (CCTV) utilizes the latest digital technology to Monitor access to secure areas, unauthorized activities, theft or criminal damage and personal safety or even provide a remote response to an intrusion.

ACCESS CONTROL SYSTEM

From single store to chain of retails or the whole edifice Access Control Systems (ACS) is designed to control Access for Employees and visitors by utilizing multiple technologies such as swipe cards, proximity cards, PIN entry keypads, and sophisticated biometric devices, security systems can be designed around existing hardware to provide an effective solutions for a single or multiple sites.

INTRUDER ALARM & PANIC ALARM SYSTEM

This system identifies genuine incidents of forced entry, unauthorized access or personal attack, which generates effective response if any of these occurrences happen.

ATTENDANCE SYSTEM

Time Attendance System allows the company to manage, monitor employee entries, exits, breaks, absence and leaves. Time Attendance system enables to prepare a detail report of employees who are not holding up to your standards of employment.

ANTI THEFT SYSTEM

We help retailers to reduce risks which impact their business in case of shrinkage. We offer Electronic Article System to prevent asset loss from shoplifting, theft, shrink and fraud etc.

AUDIO VISUAL

The extensive range of branded products is **constantly updated**, to reflect the latest developments in multimedia projectors, flat screen displays, interactive presentation technology, furniture and meeting room equipment offering reliability, high quality and exceptional value for money.

VIDEO CONFERENCE SYSTEM

In partnership with the leading manufacturers, we provide impartial advice, design and installation services for world-class videoconferencing systems. This includes portable, desktop, 'roll-about' and self contained units, bespoke integrated solutions for permanent installation and the integration of videoconferencing into existing AV systems.

PUBLIC ADDRESS SYSTEM

Sahara Technology brings you the latest in **PA systems with very latest amplifiers**, microphones and speakers. Bringing this ideal audio environment to modern public spaces, in equipment so carefully designed that it looks as good as it sounds. This unbeatable combination of auditory and visible quality has made our PA systems the choice of acoustic professionals.

Sahara Technology designed and built totally in-house, ensuring consistently high quality and reliability. More than 5 years of experience and innovation has gone into the development of our exclusive control system range, featuring touch screen control interfaces including AMX, Crestron and Extron.

STRUCTURED CABLING SYSTEM (SCS)

Structured cabling systems are becoming increasingly complex and sophisticated, meeting greater demands and workloads. With emerging connectivity developments in hardware and software, structured cabling system tolerances are becoming ever more stringent. A networks physical infrastructure must incorporate security and integrity into its inherent design, as well as the ability to adapt to changes in technology. Sahara Technology experienced and dedicated team provides an end to end service from design to implementation. We design and build cabling infrastructure systems that support multiple voice, data, video and multimedia systems.

WIRELESS NETWORKING & HOTSPOT

We offer wide range of WIFI system for Office, Home & Hotels. Our Engineers are trained to implement Wireless Network Environment inside the office or connectivity between to building. We do the Supply & Installation of Hotspot System for Hotels & Internet Cafe.

IP & HYBRID PABX

Sahara Technology provides installations, upgrades and maintenance services for PABX/PBX Telephony and PABX/PBX phone systems using VOiP. We also offer products, such as PABX/ IP PBX Telephone Systems, PABX/PBX Phones, VoIP Gateways, and Memory Cards. We can be your source for advanced phone systems & communications solutions at very competitive prices. From additions to new installs, voicemail, audio conferencing, call auto-attendant, telephone accounting and wireless, etc.

NETWORK SECURITY & FIREWALL

We implement Firewall & Anti Virus setup as per the need and demand of Customer Network.

Abu Dhabi University Campus

Project location: Abu Dhabi

Client consultant Main Contractor: Abu Dhabi University Campus

System: Supply and installation of access control system, CCTV system and Biometric system, Annual Maintenance of access control system, CCTV system and Biometric system

Abu Dhabi University Campus

Project location: Abu Dhabi

Client consultant Main Contractor: Fortune Properties Zakum Contracting

System: Supply and installation of access control system

Abu Dhabi paper mill factory

Project location: Abu Dhabi

To Whom It May Concern

I hereby thank your company, **Sahara Technology**, for the job well done on the Supply, installation Testing & commissioning of **CCTV & Structured Cabling** at **AL WAGANPOLICE STATION** Project Date: 07/03/2019 to 28/09/2019

Sahara Technology has shown diligence and dedication to finish work in time, which greatly benefited otherpending projects we are handling. Your attention to the specifics of the project design as well as properscheduling has been very remarkable, resulting to a job well done.

Again, I would like to express my gratitude in providing your 100% in completing our project. We would not hesitate to refer Sahara Technology to other organizations that are also in need of quality services from a contractor.

I hope that this would be the start of our continuous relationship and future success.

Please feel free to contact me at any time.

Sincerely,

Dear Sir

Sub: Authorization Letter

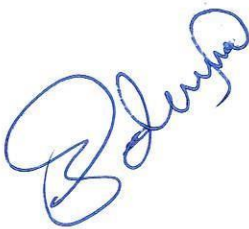

The CCTV drawing layout for M/s Line Investment & Property LLC is ready for initial approval.

We hereby authorize Sahara Technology to represent M/s Line Investment & Property LLC on our behalf to participate in the meeting with ADMCC.

Also please note that our previous contractor M/s JBK International Systems Installation L.L.C. had taken an initial approval before and they are no more working in the above project. Since this company has been terminated due to nonperformance, the previous approval is now outdated.

We have no objection for Sahara Technology to represent M/s Line Investment & Property LLC for the meetings and submitting CCTV drawing for initial approval.

For Line Investments & Property LLC
